

OVERVIEW

 **Stockholmsvägen 33, Stockholmsvägen,**

Position your business in a prime location with office space in Lidingö, an island that has become something of an exclusive area. Find the perfect balance between business and pleasure; the workspace is very close to downtown Stockholm, but there are still large parts of the island covered by untouched nature. Commute easily - Sturevägen Bus Stop is on your doorstep and Torsvik Tram Stop is just over a 10-minute walk away. Go beyond the island by taking a ferry and connect with collaborators across the globe thanks to Stockholm Arlanda Airport which is 43km away. Whether you want to focus for an hour or need a long-term base, you'll find what you need here.

Make use of flexible layouts that are great for collaboration, as is the eclectic mix of businesses you'll find nearby. Take a break at lunch with a trip to the restaurants on the ground floor or let off some steam at the gym after a long day. Bring your ideas to life in the designer workspaces and creative meeting rooms, fully equipped with super-fast WiFi. Our team are always on hand and happy to help should you need anything throughout the workday. Relax after work with peaceful strolls along accessible forest paths and enjoy the lush nature or entertain clients in downtown Stockholm.

FEATURES
