ORIENTIERINGSFIGUR

The orientation diagram consists of two parts. On the left is a plan view of a building with three rooms labeled A, B, and C. Room A is at the top, room B is on the left, and room C is on the right. Arrows indicate the orientation. On the right is a cross-section labeled 14-15, showing the building's profile with a hatched roof and a solid base. A north arrow is located above the cross-section.
