FILMS

- Oct. 15
2019- Oct.
30 2019
- Short Film Project "Basement Madness", Shown at showcase night at my school
- I was the Camera Operator/Editor/Actor of this film. It was a horror film based off of this series that the friend I created this film with loves called "two sentence horror stories", we made ours about this monster in the basement of this girl's home (I played the girl) who she thought was her brother but wasn't. When my teacher watched it, he loved it so much that he showed it as our school's yearly showcase night for visual arts
- Nov. 10 2019-
Nov. 20 2019
- Short Film Project "Flowery Death"
- I Director/Actor/Editor of this film. It was a film that I had used a simple idea and added my own touches on. So, it's about this woman who essentially is getting stalked and gets killed by this man, we see it from the perspective of the women making the camera shaky to give a sense of fright and the perspective of the stalker where the camera is moving smoothly to give a sense of a beautiful dream. We used flowers throughout the film to show innocence of the women and the innocent mind of the man that he believes he has. Flowers are representing blood when she dies for an example of how we used them. I got an A on this project in total.
- Music Video Project "Envy shields the Anger I feel"
- I created the song for this music video, as well as being the Director/Actor/Editor. It was a music video shows the emotions that this woman is conflicting with. These emotions are depicted through green and red in the music video, which represents envy and anger. The music video directly correlates with the song which is showing envy and anger through a rose, the thorns and its red pedal are the most important symbols in it.

EDUCATION

- February 2019-
June 2019
- 253 style week, Intern
- I was the intern for this event which was a style week with all the local thrift shops in my area, where there was this big scavenger hunt between them all. And a fashion show which is what I helped most with putting flyers up, asking stores to participate, and filming the whole event.
