STATEMENT

I am a very driven person and have been my whole life as you can refer to my awards section to confirm that. Yes I am a college athlete studying a subject nothing to do with acting, but that does not mean I can't act. I have been studying acting my whole life as an aspiring actor and a fan of impressive performances on screens. I know how to communicate productively with people to get an end result and I know how to communicate a message to an audience. Take a leap, give me a chance to show you what I can do and I promise I won't let you down because I can deliver.
