Special Skills

20 years of experience in combatting money laundering, terrorist financing, and Sanctions evasion with an expertise in Securities Laws, Regulations, and national security matters. Inactive Top Secret Clearance in good standing and currently working full time as a Crypto-currency Compliance Officer building algorithms designed to identify the 'bad guys' and spent the years after 9/11 traveling the world to Moscow, Hong Kong, Germany, UK, Bermuda, US and Canada with nothing to keep me company except my acoustic guitar, Brazilian Jiu Jitsu and a burning desire to combat illicit activity. I'm married 20 years, with two college bound children and have the opportunity to pursue my interest in acting. Born and raised in Staten Island, live in Fanwood, NJ and work in midtown.
