He has made an appearance & has had leading roles in movies such as Hurting Pleasures, Merciful & many more .His drive to chase his dream & to become the best actor he can possibly be is surely to go unnoticed as he will not waste a second to ask a question and network his way around . Delandus also is a professional photographer and graduated Wooddale High School in 2015 . He is often called a leader & the funniest person people have ever been around with the talent to make people laugh at whatever he seems to say , should we see him in any type of comedy show or short film you likely to expect to laugh.
