- Cash Handling
- I possess skills of leadership and want to expand on that further
- Communication skills
- Reputational Risk
- Task Management

EXPERIENCE

Shift Manager, Samatha , Mar 2020 - Current, Charlotte, NC

During my time of employment with Bojangles I have been able to expand my experiences professionally and personally growing as a young professional. Starting as a regular team member for a year I feel as though it allowed me the opportunity to work alongside a wonderful group of individuals, while simultaneously teaching me the value team working as team. That skill set learned in position helped me to eventually expand to the position of shift manager. And put me in a position of leadership to share the skills with other employees.
