OBJECTIVE

My name is Madison Farnell from Saraland, Alabama. I am twenty-one years old. I am completely deaf and wearing a cochlear implant on the right side of my ear. Not only that, but I can read people's lips and signing language. I am a sophomore at Coastal Alabama Community College from last fall semester 2019 to becoming a successful veterinary technician because I am an animal lover and having lots of animals at my house. I would love to be working with animals. I am looking forward to getting a career to work with animals. But then I changed my goal to transferred to Charles Academy of Beauty Culture to becoming a successful hairdresser. I'll be looking forward to having a new experience to work. I would be to work so hard and I would become a successful for my future.
