## When is lipstick a virtue?

## When it's *Envy Lipz*

Our Lipsticks are made with Sesame seed wax, Coconut Oil and Vitamin E only, which makes it safe if consumed. Envy Lipz is derived from the best-selling novel *Envy that Brooklyn Chick*, and is created to promote healthy Lipz, unlike other popular brands that use the same ingredients one finds in deodorants. Envy adds moisture to the Lipz especially during winter season, and sun protection during the summer.
