Encore Entertainment / Peter Pan

Liza

I was 10 yrs old, and this was my first speaking role in a production. I grew from this show and learned to take notice of my surroundings and annunciation.

Five Sisters Theater Company/ Enchanted April

Rose Arnott

I played the lead role of Rose Arnott in this straight play. I used a British accent for the role. This production helped me to grow more comfortable in my accent skills. As it was a drama I conveyed deep topics in a sensitive manner.

Five Sisters Theater Company/ Hairspray

Amber(Understudy)

Although I was an understudy, I got to rehearse often and get a look into how productions move at a fast pace, especially during tech week. I honed more comedic acting and most of my experience had been serious up until this production.
