

Dear Sir or Madam,

My name is Deneen Taylor. I am interested in starting my modeling career because modeling is something I've had a passion for from a very young age, even without the support behind me. I've always admired seeing models walk with grace and step into the room with confidence. The clothes are the cherry on top because "who doesn't want to be all dressed up"? My second love is music, especially singing. I sang backup for Alicia Keys, and it was such a fun experience, and I would do it again if I had the opportunity. I was also first chair in band class back when I was in middle school for the trumpet section, and I take a lot of pride in that. There's something about music and modeling that goes hand in hand art-wise. I have attached my website below and if you've read this far, I believe I've already caught your eye.

Deneen Taylor.
