Actor

Gloria Jimenez is her name. I am Gloria Jimenez. As a young teen, you would expect me to have average dreams and average life. But, I quite don't, beginning with since I was a little girl I have always dreamed of becoming something big. And expressing my love and emotions to the world. I love to give love it gives me joy. And to give it to others will be my lifelong dream achievable or unachievable. Everything is worth a shot. So, here I am putting the gas on the pedal and reaching for my dreams of becoming an actor. As an actor, I just wanna enjoy and have fun. Making productions for people to love and see to bring joy to their faces. To, show my parents that I can achieve my dreams if I really want to and not just give up the second I begin mine.

Some of my biggest achievements even so far at just my age. I have been a straight-A student since I was in 5th grade. Also, I got accepted to my dream school high tech which is an advanced high school in my whole county. I have also done many physical and hands-on activities throughout the years such as gymnastics, cheer, dance, volleyball, karate, modeling, chorus, and piano.

So there are some of my best skills, but when it comes to my qualities I truly do care for people I used to be a girl scout and went to nursing homes to take care of the elderly. I also work for my parents to help them save up money. I am funny to an extent. Also pretty smart I have amazing memorization.

Finally, I have worked for your agency before when I was younger and know how the agency works.
