JEFFREY TYLER MOON

I am the youngest of six siblings. I was raised in the Western Addition Section of San Francisco, better known as the Harlem of the West..... Fillmore. Growing up in the Fillmore with its rich Jazz and Blues history was the introduction to my artistic endeavors.

While attending Benjamin Franklin Junior High, I first discovered my interests in singing, theater and writing. I attended the San Francisco State University Drama Department where I studied under Professor Ronnie Washington, who prepared me for the entertainment industry.

One of my goals in life is to make a name for myself in the Black Repertory Group, Berkeley, California. From there, I want to move to work with other remarkable Black repertories across the nation.

I have had the opportunity to work with several talented and prominent actors such as Morgan Freeman, Samuel L. Jackson, Will Smith, and Ice Cube. And I look forward to working with other great artists.
