

Hello, My name is Emily Harris, I will be turning 15 years of age, as of the 23rd of September 2023, and looking to develop and improve my skills in acting in the best way I can.

Since a very young age, I have had experience in musical theatre and acting, and have found it some of the most enjoyable moments of my life. I have performed at the Rugeley Rose Theatre ten, or more, times while involved in a club called 'theatrics'. We endeavoured and explored a variety of different arts, including; singing, dancing and Musical theatre performances (such as: Chitty Chitty Bang Bang, Matilda and Grease). I was involved in this exciting club for five years and adored every second, discovering new ways to expand my horizons with acting.

I have also had my fair share of singing opportunities, participating in a choir which allowed us to take part in the Young Voices event, a time I will never forget. I experienced much joy when seeing the crowd so happy, always striving to be a generous and kind human being, helping others in need.

I am now involved with the Singing Community of Choirs, during my time here I have helped out children, from the ages of four to six, within the choir. I did this as a part of my Rotary Award, finishing the help at the age of 10. I am considered a Soprano singer, capable of also singing Alto in a variety of genres. As part of this choir I have been to Wales to compete in Llangollen twice, taking part in a world wide competition.

In my younger years, I did my grade three Musical Theatre exam, passing with a distinction. I wish to carry this on until I'm a professional, determined to finish all of my grades to the very best of my abilities and with flying colours. I try my best in life not to give up on things, staying organised to make sure I never give up on my dreams of both acting and singing, potentially even making it to the big screen or on stage.

I am taking part in Media and drama for my GCSE's, as well as mandatory Spanish and geography, with my grades predicted to be high. I attend a Media club after school and have been doing so for 2 years now, enjoying it greatly.

I think being in a professional environment will allow me to concentrate even more on my future goals and achievements and connect with my work colleagues, inspiring me to be better than ever before. This opportunity will also help me along the way to improve my acting skills.

I very much hope you will consider my resume and I hope to hear from you soon,
yours sincerely **Emily Harris** .
