PROFILE

Public health professional with a passion for community advocacy and outreach. My background includes over a decade in the medical field and service to my community. Exceptional in both verbal and written communication as well as demonstrating leadership and teamwork.

EMPLOYMENT HISTORY

Manager Community Engagement, Mission Health Partners

May 2021 — Present, Asheville

Working with a multi-disciplinary Care Coordination team assisting patients by linking them to the resources they need. Working collaboratively with community organizations and serving as a liaison between MHP, patients, healthcare providers, and community organizations. Leading a team of Community Outreach Specialists to bridge the gap between the patients we serve and community partners with a focus on improving health and equity across the community.

Health Education Program Manager, Asheville Buncombe Institute of Parity Achievement

Sep 2020 — Present, Asheville

Supporting the team with creating easy-to-understand health education materials for clients that are referred to the organization. Educating within the community on chronic disease management, and the importance of preventative health. Assisting with data collection and health assessments that are used to pinpoint gaps in resources and education within the community.

Human Resources Developemnet, A-B Technical Community College

Apr 2017 — Present, Asheville

Educating incarcerated students in multiple courses that are needed for life skills after incarceration. Courses include money smarts and learning budgeting for beginners. Also, an introduction to basic computer skills that can be utilized to create a resume and complete applications for employment once the sentence has been served. Courses are certified and can be used to further education at the local community college.

Provider Quality and Outcomes Specialist, Mission Health

Jun 2019 — May 2021, Asheville

Responsible for the coordination and support of multiple service lines, and documentation of any activities that were essential to provider incentive reporting and quality metrics. Responsible for all tracking and keeping accurate documentation, while ensuring the validity of the data and reporting any issues in a timely manner. Communicated with system-level departments, and internal stakeholders to identify any tools and goals that needed to be in place to ensure success for the reporting year.
