EDUCATION

Audencia Business School, Nantes, France — **February 2022 - July 2023**
MSc in Management-Engineering (Grande Ecole)

Manipal Institute of Technology, Manipal, India — **July 2016 - July 2020**
Bachelor of Technology in Civil Engineering

PROFESSIONAL EXPERIENCE

L'Oréal Group, Paris, France — **January 2023 - July 2023**
Supply Chain Analytics Project Management Intern - L'Oréal Beauty Tech NEO SAP Transformation Project
- Coordinated alignment between new global reporting templates (on SAP S/4 HANA and Google Cloud Platform) and existing local BI use cases through need-scoping, gap analysis, organising BI training workshops and resolving open points within an agile project management framework.
- Facilitated relationship management as a point-of-contact between the Global Forecast-to-Stock (F2S) BI team and the local teams for market affiliates, factories and distribution centres in France, Belgium, Spain, Portugal, Eastern Europe, North Asia and North America.
- Created end-user training documentation and videos for activation of ~35 BI reports, and supported the development of the F2S BI applications catalogue on MS Excel, PowerBI and ServiceNow.
- Conducted ad-hoc analytics for transversal app remediation teams during data migration from SAP ECC to SAP S/4 HANA ecosystem.

Goldman Sachs Services Private Limited, Bangalore, India — **January 2020 - June 2020**
Operations Analyst - Global Markets Operations, and Brokerage, Clearance, and Exchange (BCE) Expense Management
- Developed daily reporting automation using Alteryx for Global OTC Derivatives, and Fixed Income, Currency, and Commodities (FICC) Unreceived and Unreconciled Cash flows.
- Implemented a Global Markets cross-product settlement risk escalation data visualization dashboard using Tableau.
- Created a Business Process Model to streamline brokers' rate negotiation process and accommodate volume upscaling of up to potentially 50 parallel negotiations for the BCE Expense Management team.
- Analysed brokerage/exchange rates, and firm BCE expense trends across desks and business units, and formulated revised comparative rate proposals to identify firm-wide annual spend elimination opportunity of ~ $10 MM.

Larsen & Toubro Hydrocarbon Engineering, Mumbai, India — **May 2019 - June 2019**
Construction Project Management and Design Intern - Modular Fabrication Vertical
- Designed offshore jacket components using static analysis methods on STAAD.Pro, and a yard layout for efficient load-out and assembly of offshore structures using AutoCAD.
- Prepared Bill of Quantities (BOQ) and procurement schedule for 2 offshore structure projects.

Aaranyak, Guwahati, India — **May 2018 - June 2018**
Geospatial Technology and Application Division Intern
- Assessed flood risk in five districts for the Government of West Bengal (India) through LANDSAT-8 imagery digitisation using the Spatial Analyst toolbox on ArcMap and Model Maker in ERDAS Imagine.

Numaligarh Refinery Limited, Assam, India — **May 2017 - June 2017**
Project Management Intern - Corporate Social Responsibility
- Led an Impact Assessment on a youth employment CSR project by analysing 15 small-scale local businesses (project cost ~ INR 17 MM) to determine fund allocation for 65% of the budget for subsequent phases of the project.

ADDITIONAL EXPERIENCE

- Volunteered at Sahayika Child Guidance Centre from **December 2020** to **July 2021**.
- Spearheaded all on-campus and outstation promotional campaigns for over 50 technical, cultural, and sports events and concerts as part of the organising team for college festivals TechTatva'17, Revels'18, and Revels'19.
- Managed sponsorships worth ~INR 250k, human resources, and project portfolio design for Project DRONAID (a student project developing healthcare drones) as the Team Manager in 2017-18.

SKILLS

- **Technical tools:** MS Office (Excel, PowerPoint, Word, Outlook), Power BI, SAP S/4 HANA, Alteryx, Tableau, Figma, SQL, Python (Basics), ServiceNow, Adobe Illustrator, Adobe Photoshop, AutoCAD, ArcGIS.
- **Languages:** English, Hindi, Assamese (Native) and French (A2).
- **Online Certifications:** Excel Skills for Business Specialization (by Macquarie University on Coursera), Applied Data Science Specialization (by IBM on Coursera), SAP Technology Consultant Professional Certificate (by SAP on Coursera), Intro to UX/UI Design (Le Wagon), Fundamentals of Digital Marketing (Google Skillshop)
