

# SHENIKA TAILOR

As an aspiring actress and a Graduated BA Film and TV with English student at Brunel University London, I am passionate about pursuing a career in the entertainment industry and developing my skills and knowledge in both fields. I have played multiple supporting and featured roles in well-known TV shows and franchise movies, such as Netflix, Amazon, ITV, and Disney productions, showcasing my versatility, professionalism, and talent.

I have also gained valuable experience as a lead actress in a youth theatre production, as well as an influencer for a health and wellness brand, demonstrating my creativity, communication, and leadership skills. I am currently represented by Shh Talent Agency, and I am eager to explore new opportunities and challenges that will help me grow as an actress
