## PROFESSIONAL SUMMARY

---

Passionate and dynamic voiceover artist with a heart of gold. The reason I began this journey into voiceover was to escape the monotony of servitude. I wanted to leave an impact on this world. I wanted to use my voice as a guide for the downtrodden, the under-appreciated and make people smile once more. What better way then to make a character or a script come to life with a moving performance backed by with experience. I am organized, dependable and successful at managing multiple priorities with a positive attitude.
