## Broadcast & Journalism

My passion for storytelling and news media has been the driving force of my success. My passion and desire have prompted my pursuit to seek an opportunity that allows me to capture the unique stories that are waiting to be told. My goal is to contribute to a company that I can grow with as well as learn from. I've gained much of my experience and have kicked off the start of my career in Louisiana, however, I'm open to exploring opportunities in other locations that allow me to provide a platform to the voices and stories that are ready to be heard.

## Experience

### June 5th - August 24th 2023

TWILA / LA Farm Bureau | 7000 Commerce Circle Baton Rouge, LA 70809

#### News intern/reporter

During my time at TWILA, I was brought on as a paid intern reporter. My responsibilities included gathering my own agricultural news packages under a short deadline, filming my own B-roll, filming my own stand ups, working with the latest softwares to script my packages, edit my own packages, and deliver an on air performance as a tag line for my package. Due to me having no prior knowledge on agriculture, I was pushed out of my comfort zone. This internship strengthened my skills as a videographer, reporter, editor, and communicator.

### August 2019- to present

Northwestern State University La | 175 Sam Sibley Dr, Natchitoches, LA 71497

#### NSU Reporter/Videographer

I have been able to report coverage on various events with NSU events such as ... Utilizing how to use software, work a video camera, and complete class broadcast assignments.

### August 2022 - to present

Northwestern State University La | 175 Sam Sibley Dr, Natchitoches, LA 71497
