

PROFILE

Kindness, determination and reliability form the core of who I am. I am someone who strives to be the best person I can be and I am always looking to improve myself along my journey.

Passionate about being a kind voice for others, I strive to help others find their way.

I look forward to opening my own therapy practice for youth ages 9-18 upon completing my education. I have been through a lot in my short time, so I would like to help others learn how to turn their experiences into empowerment for the betterment of their lives.

I am also a creative artist who loves to write, dance, model and influence goodwill. I hope to use these talents to engage others and impact change. Come into my world.
