Skills

Behind the salon chair I am an ambitious, hardworking Stylist possessing extensive knowledge of industry changes, modern and classic technique. As an educator I am able to command a room and deliver information articulately to all skill levels. As the owner of the salon I am responsible for developing a training program and schedule as well as managing appointments, maintaining inventory and all aspects of customer service from start to finish. On the backend of the business I am responsible for all social media marketing, content creation, website building, safety and state regulation compliance, contract and event management and many other aspects of marketing and business development.
