CONTENT CREATOR

ABOUT ME

Good day, I'm Nikoleta, 19 years old and a student at a vocational school, pursuing a degree in the realm of economics and administration. Over the years, I acquired knowledge of the English language that exceeds beyond academia. Alternatively, I'm an involved student when it comes down to group tasks - usually I take over the design part and am pretty good at making speeches in front of the class, i.e. public speaking. To say I hold great affinity for all things filming, makeup and editing is an understatement. My Instagram accounts can attest to that. Social media has always been a staple of my life, I use it to express my utmost self and my talents. I take keen interest in the beauty sphere and am up for cool cooperations.
