To Whom It May Concern:

My name is Larenz Walters. I am currently a junior at Kankakee High School. I would like you to considering providing me with an opportunity to participate in an internship or the ability to shadow your statistician associated with a professional or college team. I am available for both an in-person and a virtual option. Kankakee High School is a Competency Based Education School under the Illinois CBE Pilot. CBE gives us an opportunity to gain real-world experiences that lead to high school credits in specific content areas.

In my senior year, I plan to take Statistics as an Independent Study. As part of my Independent study, I will learn statistics through the two sports that I play: Football and Basketball. The plan for my senior year will begin in the summer and end in May of 2024, when I graduate from high school.

Please consider any time between June of 2023 and April of 2024. I would like to intern or shadow the person who is responsible for collecting and analyzing the statistics for a sports team. I am contacting a few other colleges and professional teams to determine if any of the schools or organizations can provide this opportunity. If you also have any recommendations for other schools to contact please, let me know.

This email includes my mother, Dr. Geneva A. Walters. She has helped me to explore opportunities in the field of sports. I have had a passion for sports since my father passed in 2012. My mother is also the superintendent of schools. My mother has worked closely with my coaches and counselors to support my goals in both basketball and academics. I would love the opportunity to work with your organization. My mother is copied in this email If there are any questions, or you would like to talk with her. Her contact information is 708-932-0034. My contact information is listed at the top of this letter.

I look forward to hearing from someone in your organization,

Larenz M. Walters
KHS Starting Combo Guard #2
Starting Quarterback #2
