- \* *Michael* in *“Untitled Campus Crime Series for Hulu”* (lead), Dominik Rausch [current project]

**About me:**

I have been in several short films and student projects; my experience mainly consists of pieces related to drama. I am passionate about portraying emotionally complex characters. It is within these characters that my talent is best revealed. I devote countless hours for preparation and training of roles by studying other actors. I intently work with the director to create his ideal character, but also bring my unique gifts to the role.
