

Apply for a casting

Ladies and Gentlemen

It was with great interest that I became aware of your advertised position on the Project Casting website.

In August 2018 I successfully completed my training as a businesswoman. I then gained my first professional experience as a clerk in the sales department up to and including today. I was also able to gain modeling experience.

I have been interested in acting since I was a child and would be very happy to get the chance to be invited to a casting so that I can convince you of me.

Best regards

Laura Di Bitonto
