

Sarah Lim

Chicago, IL | 872-325-3316 | sarahlimblue@gmail.com

EDUCATION

Bachelor of Science: Computer Science Expected June 2026 *DePaul University, Chicago, Illinois*

WORK EXPERIENCE

SDE Intern at Amazon, Bellevue Washington on-site | June 2023 - August 2023

- Full-Stack development. Created Java backend and JavaScript React Node.js front-end error message page to reduce work for my team. Used git, REST API, AWS, DynamoDB databases, covered code via Java unit testing, created code reviews and merged code.

Website Developer at Fischer Software | March 2021 - Present

- Helped develop and maintain WordPress websites, and HTML, CSS, JavaScript and PHP SQL based websites. I also freelance and created advancedatastrategy.com myself.

PROJECTS

Passive Income website

- I created and performed SEO on illinois-ipass.com which generates me \$500-1,000 a month in Google AdSense ad revenue.

AWARDS

Amazon Future Engineer

- Awarded \$40,000 scholarship and a paid summer internship at Amazon after my freshman year of college.

SKILLS

Computer Skills: JavaScript, Java, Python, C, C++, HTML, CSS, PHP, SQL, React, Git, Node.js, AWS
