

ACTING PROFILE

JACOB FRANKLIN

PROFILE

I am a hard working young actor who has worked in theatre productions and short films for much of my teenage years. I am committed to giving a real and just performance. I love working with a crew and am thorough in my research of a role and suitable mannerisms etc. surrounding such role. Film and the business of film is important to me and I cherish every moment I get to work with such creative artists.

EXPERIENCE

MY EXPERIENCE MAY BE LIMITED BUT MY ENTHUSIASM TO THE CRAFT AND WORKING MORE FREQUENTLY IS NOT.

- BAY OF FIRES, ABC, ARPECHILAGO PRODUCTIONS, FREMANTLE, AUSTRALIA

I worked on this shoot for roughly three months in which, I played the role of 'Caleb'.

A lost and frightened young man looking for validation in the form of a cult like gang led by a man I looked up to with absolute sincerity. A bully at school and a victim at home, this role presented a deeper understanding and connection to the modern day lost boy, in a way that was both heavy and deeply cathartic.
