Work Experience

Security Officer

Allstar Security and Consulting - Chicago, IL

April 2023 to Present

My job is to guard every entrance and exit to guide people to right path. Backdoor V.I.P Employee entrance my job is to make sure that nobody won't come in nor leave out with any illegal substances such as dealing with alcohol, drugs, guns, and taser.

Security Officer

Allied Universal - Chicago, IL

June 2022 to February 2023

As being a south plaza my job was to stand at my post making sure that people wasn't skateboarding, smoking, no graffiti on the wall and bringing there dogs on the property, I had to patrol the area 24/7.

Concession Worker

Soldier Field Stadium - Chicago, IL

January 2021 to December 2022

My job was to make sure my area was clean and making sure that every customers got they food on time without making a huge line so that they won't miss every action of the game.

Concession Stand Worker and cashier

Wrigley Field Baseball Stadium - Chicago, IL

February 2022 to April 2022

My job was to make sure my area was clean and making sure that every customers got they food on time without making a huge line so that they won't miss every action of the game. As cashier I had to make sure to get them the right order fast the skills that I learned from that was being punctual and prepared and listening actively.

OSI

Meat Warehouse - Chicago, IL
February 2020 to July 2021

My job as a meat cutter was to make sure to come on time and get to work making sure my area was clean and cut some meat. The biggest struggle I conquered was to make sure not to cut myself even though I was wearing safety gloves to protect myself and also to make sure to not get dirty.

After School Matters

Aquaponics - Chicago, IL
May 2016 to July 2018

At my high school years I had a job it was more like an after school matters job. My job was to build, feed and clean. I was dealing with the environment of fishes around me making sure that they were healthy.

Awards

Perfect attendance

May 2019

Coming on time everyday for school not missing a day or anything.

Adobe Photoshop

March 2017

During my High-school years at perspective charter school of technology I received an award for being the best at photoshop every-time it was a quiz or a test.

Adobe flash

March 2017

Adobe flash was a struggle for me the more I started to get on it the more bad I was getting I had a great teacher that thought me so much an to never give up so when I got home I started practicing until I got better that's when my teacher recognized it from at first until now I had to create and edit my own drawings and learn how follow instructions as well.
