EDUCATION

SAN FRANCISCO STATE UNIVERSITY

Bachelor of Science Degree in Health Education: Emphasis on Public Health

PROFESSIONAL EXPERIENCE

WISE Health

2023 - Present

INTERN

- Collaborated with public health experts and stakeholders to design evidence-based interventions and strategies
- Created engaging educational materials, including flyers, pamphlets, videos, and online resources to promote sexual health awareness
- Developed comprehensive sexual health education programs tailored to diverse populations and age groups
- Developed comprehensive sexual health education programs tailored to diverse populations and age groups

USAID

September 2022 - February 2023

WORK-STUDY

- Conducted a literature review on research that analyzes disability inclusion in the private and public health supply chain workforce in LMICs such as Kenya, Tanzania, and Nepal; other countries of interest: Afghanistan, Bangladesh, DRC, Ethiopia, Ghana, Haiti, India, Liberia, Madagascar, Myanmar, Nigeria, Pakistan, Philippines, Rwanda, Senegal, South Sudan, Uganda, Yemen, and Zambia
- This included a landscape analysis where MTaPS' conducted a desk review and scoping interviews to understand better where countries are with respect to disability inclusion and identify key stakeholders and nascent efforts or trends with respect to disability inclusion

CORE GROUP

June – September 2021

SUMMER INTERN

- Mapping of Global Inclusive Health Programs
- Conducting a review and mapping of all-inclusive health programs related to disability rights and programs working with persons with disabilities in the Middle East and North Africa

AMERICAN PUBLIC HEALTH ASSOCIATION (APHA)

January 2019 – June 2020

WINTER INTERN

- Conducted a literature review on research that compares the U.S. and Kenyan education systems for disability and inclusion
- This research will inform a local non-government organization (NGO) (Kupenda for the Children) in advocating for systemic improvements in inclusive education in Kenya

VOLUNTEER EXPERIENCE
