PERSONAL SUMMARY

I am a court assistant by profession but I think I'm in the wrong field because I discovered that I have some special skills and that is an entertainer, comedian. I didn't realize until my friends or groups of people at work starts laughing at some of the things I've said in the midst of our conversation or any of my presentations. I must say that I haven't acted before in any professional theatre but I have done some drama acting in church or at work. I love to explore new skills.
