Experience

House Cleaning, hired by Maris Cleaning(independent business) (Clearwater, FL) From: August 2023 - Current

The first month of this job was thorough training and I would work side by side with my boss/ employer. After the first month I worked individually with my job assignments going to clients' houses. We would do a standard deep clean then anything extra a client would request if there was time left in that appointment. This job was an amazing learning experience and would have gone longer with my boss but my employer moved on to her dream job This gave me the opportunity to still keep on clients personally which I still do currently.

Babysitting, self-employed (OH - Palm Harbor, FL) From: 2020- Current

My love for kids of all ages made me decide that I wanted to get into the business of babysitting. I got certified in babysitting by Red Cross in 2021 and since then I have watched over children ranging from 1-13 years old. I help the parents with any extra chores they may need like dishes, laundry, taking care of their pets, and overall tidying up the place. I make sure the kids are having fun and are safe at all times.

Kuchta Farms (Braceville, OH) From: 2017- 2019

Kuchta Farms is a family-owned farm that sells pumpkins in the fall. My job at Kuchta Farms consisted of helping with planting pumpkins in the spring. Then when they were ready we would pick, clean, and sort them by size, weight, and type of pumpkin. My job also consisted of helping customers find items and helping them carry things around and to their car once purchased. I made sure the workspace was clean and tidy for both the work staff and customers.

Volunteer Work

The Chapel (Trinity, FL) From: 2021- Current

I serve at my church The Chapel in the youth ministry. I serve primarily with the newborns - 3 year olds. I help with any of the needs of the children as well as the parents. We make sure to follow the set instructions of the parents and we keep the children happy and safe until the parent return.

Big Reach Center of Hope (Salem, OH) From: 2014-2019

Big Reach is a food pantry that is connected to Greenford Christian Church. During my time at Big Reach I helped packaged food, stock shelves, organize supplies, calculate inventory, clean workspace, help serve people with coffee and pastries, and helped in the kids zone keeping the kids happy and safe.

Education and Certifications

- I have just completed 10th grade at East Lake High School in Tarpon, Florida
- Safe Staff Food Handler Certification (Completed May 2021)
- Red Cross Babysitting & Child Care Certification (Completed 2021)
- Digital Literacy Certification for IC3 GS5 Spark (Completed 2020)
