EXPERIENCE

I have not had any professions or jobs yet, but have planned to go to Cleveland Institute of Music if I graduate high school. My hope is to become an actor or a pianist and make it far in the acting industry. As a teenager, I have not made many achievements, but in hopes of getting an accepted plan to make some.

Shoshoni High School, Shoshoni, WY

2020 - 2024

I am in Junior High right now, and am looking for a job that can occupy me and get me further in life. I have done well in all my years of schooling, with passing to very good grades. Currently, I am at Shoshoni High School, and have been in some plays throughout my life, and my Acting teacher has encouraged me to follow a profession like this.

SKILLS

One of my skills I have had since I was 7 years old was piano. I still play, and have a great piano teacher who went to college in New York. Some of my other skills or talents are drawing, basketball, acting, and filming. One talent I once had but dropped a while ago was card magic, which I loved, but still do card throwing.

LANGUAGES

English, Pig Latin
