Han6out & Onlyatnight are the most influential musical movement to come out of Los Angeles Hip Hop / Indie Scene. They are central figures in the fashion scene and rising stars amongst the next generations of musicians and creators that influence all lifestyles. The twins have earned the distinction of being originators and innovators of style which allows them to stand alone. Not worried about what's going on around them, they have a grip of the world that no one can take from them.. as they grip it tighter, and work towards their destiny; the shift the world needs is them... the culture .. the music.. the world is not safe...

# ABOUT

Early 2018 we were sent to Virginia Beach because our parents couldn't afford us living with them. Out there we were a day away from joining the Navy, my sisters husband had us enrolled and ready to be shipped. We knew that wasn't us. That evening when we got home, Only got out the shower and grabbed a stencil and sharpie, then wrote "FUCCUWANT" on the back of some old shorts. He said " you know everyone telling us what to do? Everyone looking at us because we are twins and just the anxiety you get? This going to be the statement, for them not to talk or fuck with us. The same night we were about to join the navy, we get a flight back to LA and start up the fashion company FUCCUWANT™.

Me and my brother had no choice but to move to DTLA. Han6out caught a case and the person we were staying with at the time wanted us out. A friend took us in, and then we were homeless for a month. Me and only knew what we wanted in life but didn't have any funds to pursue it, plus, the court fees I was paying at the time had us at the lowest. A close friend of mine believed in us and invested into our brand even though we had no resume to show or prove that this can happen, they did it out of love. We dropped a collection and made an amount we never expected. The next day, my friend said Billie Eilish wants to meet us to get her some jeans ..we couldn't believe it.. that night she wears the jeans (She was first artist to wear an promote our brand organically) in two Instagram pictures and blows us up.

A few weeks later we have enough money to get a loft in downtown on our own. Now we are at our prime, running the internet, trend setting the hair designs, really shifting culture. The paranoia and anxiety that we built thru out those eight months was well worth it. We believed in us and that is why we are moving so fast.

OVER THE LAST TWO YEARS FUCCUWANT™ AS A CLOTHING BRAND HAS AMASSED A LOYAL, CULT-LIKE FANBASE, ALONGSIDE A VARIETY OF A-LIST CULTURAL INFLUENCERS. IT'S NOT JUST THE CLOTHING, FUCCUWANT IS ANOTHER WAY OF LIVING.

*(Photo & artwork from 'State Property' campaign)*

"WE DIDN'T START INTENTIONALLY, A BRAND WAS THE LAST THING WE WERE TRYING TO EVEN DO HONESTLY. MUSIC IS WHAT OUR FOCUS WAS ON, BUT I GUESS THE WAY WE DRESSED AND OUR HAIR DESIGNS REALLY STARTED GETTING A LOT OF ATTENTION FROM EVERYONE

AND SINCE THEN WE JUST BEEN MAKING CLOTHES FOR US, BUT BEHIND OUR MIND WAS LET'S FOCUS ON WHAT WE WANNA WEAR AND NOT WHAT EVERYONE WANTS AND BRING A NEW STEELO TO IT. AND THAT'S BEEN OUR FOCUS EVER SINCE AND WE ARE ABOUT 8/9 MONTHS DEEP NOW AND IT'S JUST GROWING ON ITS OWN. SO IT STARTED WITH US JUST MAKING CLOTHES FOR US AND OUR HOMIES TO SKATE IN, INTO HAVING TO FINALLY FORCING US TO RELEASE IT TO THE PUBLIC AND IT WENT CRAZY. IT HAS A LOT TO DO WITH EVERYTHING JUST BEING SO NATURAL, THE LAW OF ATTRACTION AND MANIFESTATION."

WHO WOULD'VE THOUGHT, A BORED IDEA - "CAN YOU PUT A SPIDER WEB ON MY HEAD, MY DAD HAD IT WHEN I WAS 9 YEARS OLD... IF IT COMES OUT WACK WHO CARES... LET'S TRY IT" - WOULD CAUSE A CULTURAL IMPACT AROUND THE WORD.
