COURSES

EXTRA-CURRICULAR ACTIVITIES

Black Acting Methods Society , Shenandoah Conservatory

Winchester

Aug 2022 — May 2026

BAMS is a group focused on learning acting methods, teachings, and rituals from an Afrocentric perspective, based on Dr. Sharrell D. Lockett's book, "Black Acting Methods: Critical Approaches." These methods prioritize black students but are beneficial for everyone, especially people of color, as they offer a broader understanding of acting beyond Eurocentric methods. It's time to recognize and celebrate the significant contributions black people have made to theatre.
