MINI BIO

Galina Minigalina is a multi-lingual (Russian, English, Spanish) international film and TV actress, influencer, and entrepreneur.

She was born with a disability, a congenital arm anomaly to a low-income family in a small town in Russia. Since childhood, she has not seen people like herself around her - not even in movies. And because of her physical features, she faced bullying and non-acceptance since childhood. This hardened her character, and she grew up ambitious and determined, from an early age she realized that her success depends only on herself.

At the age of 16 she realized her first big goal - she left a small town for the capital and entered the best law university in Russia.

After graduating from it, she achieved success as a lawyer and built her career from scratch - from an assistant to a leading lawyer in the largest commercial real estate holding. She has successfully appeared in courts, defending the interests of her clients.

After pursuing a career in law, she earned a degree in psychology and began blogging on social media to inspire people to accept themselves, be themselves and achieve their goals. She is now a successful entrepreneur, owner of several businesses, and an influencer.

SHE IS BUILDING AN INTERNATIONAL CAREER AS AN ACTRESS TO MOVE THE WORLD TO ACCEPT THE UNIQUENESS AND EQUALITY OF EVERY PERSON REGARDLESS OF THEIR GENDER, SKIN COLOR, BODY FEATURES. AND TO INSPIRE EVERYONE TO ACCEPT THEMSELVES, TO BE THEMSELVES, KNOWING THAT NEITHER EYE COLOR, ORIGIN, NOR PHYSICAL FEATURES CAN BE AN OBSTACLE TO BECOMING WHO YOU WANT TO BE.
