Beyond modeling, I'm a Doula & Trainer, Real Estate Investor, and entrepreneur. In 2020, I founded Birth & Embrace Communities Inc., focusing on holistic maternal care and education. I've trained nearly 100 BIPOC individuals in my own Doula program, blending my skills in public speaking and facilitation to empower aspiring doulas.

My versatility extends to sports like skating and basketball, as well as skills in hair and theater.

Outside of my professional pursuits, I'm a devoted parent, nurturing my children's talents. Nature, exploration, and travel inspire me, and I'm constantly seeking scenic places to capture. I'm driven to find innovative ways to achieve financial freedom and empower my community.

I'm on a mission to inspire others to chase their dreams, starting with my own journey. I believe I'm a perfect fit for your agency, with my diverse background, unwavering determination, and passion for empowerment.

I'm not just a model; I'm an agent of change ready to amplify voices and inspire the world. Together, we can convey a powerful message of beauty, diversity, and resilience to people everywhere.
