Try to make the world a better place.

About Me:

I am an intelligent woman who enjoys life the simple way.

I love everyone for who they are and try to teach others to do the same.

My Motto is Life is what you make it ,not what it tries to make you.

Each day bad or good is a lesson learned and should be valued.

I am easily trained to do about anything. I love learning new things and am devoted and dedicated no matter what comes my way.
