

Acting representation

My name is Abil Rahman , I'm 14 years old. (I also have guardians permission for this) I've been wanting to be an actor all my life and acted for 2 years in school and I have performed at theatres many times before as well. I can adapt to new things and I'm a very good listener and a quick learner. This has also been a dream come true if I could see my self be on tv and be known for what I do and it's also because I have passion for this. I have many hobbies like football, boxing and most important acting.
