And I hope you consider me as an option.

## Skills:

I've been doing drama clubs since I was about 8 years old. I also do archery, swimming, guitar, clarinet, writing, and arts. I enjoy doing many different hobbies where there are rules I must follow but still allow me to do what I must do. I also enjoy being able to do my hobbies with other people and being able to have a new opportunity to make new friends or acquaintances but also in certain situations be able to do it independently.

## Education:

I am currently going to heritage middle school in south berwyn, and in 6th grade. Before that I went to Emerson elementary also in south berwyn. My future education plans are to graduate 8th grade at heritage in 2026. Then i'd like to go to the art institute of Chicago for high school and in the scenario i don't get in i'd like to go to north grand high school and graduate in 2030. By then i would like to go to a art collage to pursue my carrier in arts and acting
