I have an outgoing personality to get along with distressed workers and help out others. My ged is in progress(online). I'm CPR certified and I do have my food handlers. I cleaned and took care of children at robins nest and then did the same but with elders at Help at home. Weekend availability would be amazing, even evenings and overnights would be perfect because I'm currently working a few hours in the morning for TLC home care. Until I can get a set job, I am a very quick and smart learner. And I plan on dropping TLC only if I find a place with more hours.

Caregiver

Help at Home Senior Care-Carbondale, IL

April 2023 to Present

Technically I still do work here if I had my car but sense I do not have a car I don't work here at the moment but I'm still capable of getting a ride if I can work under your facility. I had one client I specifically cleaned her home due to her depression and just needing a better environment to be in. And a client that needed help onto the toilet and needed food prepped for her. I got the job due to my boyfriends mother signed off on a paper that I did indeed watch her Alzheimer's mother for over a year.
