WORK EXPERIENCE

Technician Specialist | STONE BREWING - Escondido, CA | November 2023 - Current

- Streamlined machine "change-over" process to optimize shelving units and enhance part organization and labeling for easy access by technicians.
- Developed comprehensive documentation for machine cleaning procedures, resulting in improved functionality and product cleanliness.
- Proposed and implemented a test material for pre-production use, reducing startup times and enhancing identification of product imperfections.
- Contributed ideas to enhance production efficiency and streamline identification of product flaws.

Senior Game Technician | DAVE & BUSTER'S - Carlsbad, CA | May 2021 - November 2023

- Conducted maintenance repairs and part replacements while keeping detailed records for over 80 different machines.
- Enhanced team productivity by reorganizing and categorizing spare parts in the inventory room.
- Provided comprehensive training to 3 technicians and 4 managers, contributing to team building and development by imparting valuable skills.

Quality Assurance Tester | KALLOK STUDIOS - Carlsbad, CA | March 2019 - May 2019

- Identified and documented 3 previously untraceable bugs within the first week of employment, providing comprehensive reproduction steps for each.
- Successfully mitigated 25% of software bugs by meticulously analyzing and submitting precise reproduction steps.
- Proficiently showcased a new product feature, highlighting its potential for future integration into upcoming product builds.
- Played a key role in the successful launch of new product builds by ensuring all features met quality standards and user requirements.
- Continuously sought opportunities for process improvement and implemented strategies to enhance product quality and efficiency.

Business Application Specialist | INTUIT - San Diego, CA | August 2017 - January 2021

- Collaborated seamlessly with an agile development team to detect errors and modify code, contributing to the overall efficiency and success of the project.
- Compiled comprehensive documentation outlining effective troubleshooting techniques, resolutions, and alternative approaches for the development team's reference and implementation.

Graphic Designer and IT Specialist | NORTH COUNTY GRAPHICS - Vista, CA | 2011 - 2017

- Organized and classified a large volume of files, implementing relevant keywords and enabling online access, resulting in the development of a collaborative illustration database for future projects.
