About Me: Everyone says I'm quite a fun, loving, and have a full-of-life character that is also the comedic person of the party. I am legally blind but can see 10-15' from me, then it becomes blurry. Because of my vision issues, I have been able to adapt and compensate in many other ways, such as with hearing and memorization. I do not use a white cane unless I'm in an unfamiliar area. You won't regret giving me a shot!
