Dear Casting Director,

I have been acting and performing all my life. In grade school I was the lead guy in every play from 1st grade through 9th. Then I took acting classes at Golden West College in OC. In between building a couple great businesses I find time to act in small plays and I love working in my small community to bring the arts.

Over the last ten years I have studied numerous books on acting including Sanford Meisner on Acting, A Handbook of the Stanislavsky Method, Acting 2.0, Doing Work That Gets Work in a High Tech World and a book on screenwriting that I refer to often titled STORY, Substance, Structure, Style, and the Principles of Screenwriting.

In July 2023 I began my formal training and am taking private and group acting classes at the The Company Acting Studio with John & Lisina Stoneburner who are my Acting Coaches and I am really enjoying the experience of learning all about acting the method and way they are teaching me!

I have the confidence and the intense desire to act. I hope you will consider me, and thanks!

Kindest Regards,

Doug H.
