EDUCATION & TRAINING

Film Editing Experience: I bring a unique perspective to my acting career, having dedicated five years to the art of movie editing. This hands-on experience allowed me to delve deeply into the world of storytelling, enhancing my understanding of the intricacies of character development, pacing, and narrative structure. This invaluable knowledge has become a strong foundation for my journey as an actor, enabling me to approach roles with a nuanced understanding of how they fit into the broader cinematic narrative.

Additionally, I have collaborated closely with directors and crews, demonstrating my ability to follow instructions effectively and contribute to the smooth operation of productions.

Having lived in the United Arab Emirates has brought me extensive experience from various facets of the entertainment industry. I've worked as a stand-in for **Timothée Chalamet** on the set of 'Dune Part Two,' directed by Denis Villeneuve and had the opportunity to work as an extra alongside renowned actors such as **Tom Cruise** in 'Mission Impossible: Death Reckoning Part One' by Christopher McQuarrie, **David Harbour** in 'Gran Turismo,' and **Brad Pitt** in 'Apex,' under Joseph Kosinski's direction. Additionally, working on commercials, appearing in a Warner Brothers advertisement alongside **Ryan Reynolds**. Furthermore, I've ventured into independent filmmaking, creating, writing, directing, and starring in my own short film titled 'Beyond the Horizon.' This diverse background has equipped me with valuable insights and skills, enriching my craft as an actor.
