

TECHNICAL SPECIFICATIONS

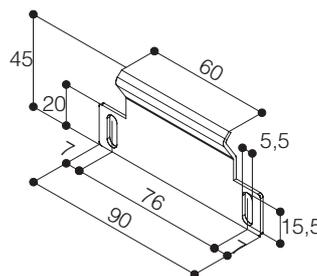

MODIGLIANI is an aluminium rounded frame screen for Home Theatre and Professional applications available with black powder coating. Once Modigliani is fixed to the wall, the elegant rounded frame seems to float in the air.
MODIGLIANI VELVET is also available with velvet finishing on the frame.

- Frame dimensions: 88x31 mm. (WxD)
- Aluminium frame painted with dull black epoxy powders (RAL 9005)
- No visible brackets are needed to fix the screen to the wall: at the rear side of the frame an aluminium profile allows to hang it directly to the wall bracket
- Cloth can be easily and quickly fixed to the rear side of the frame with galvanized rods and rubber bands.
- Flame-retardant projection surfaces - classification M1, M2 and B1

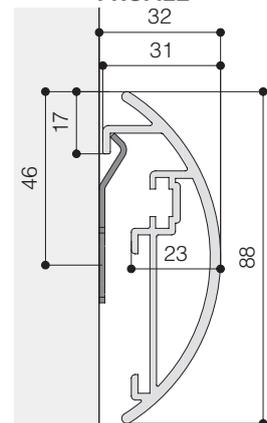

Available in 4:3, 16:9 and 16:10 ratios or bespoke sizes.

WALL BRACKET

PROFILE

The measures in the drawings are expressed in millimetres.

DIMENSIONS measures in cm			
4:3 Ratio Viewing area (WxH)	16:10 Ratio Viewing area (WxH)	16:9 Ratio Viewing area (WxH)	Approx. net weight (Kg)
160 x 120	160 x 100	160 x 90	12
180 x 135	180 x 112	180 x 101	14
200 x 150	200 x 125	200 x 112	16
220 x 165	220 x 137	220 x 124	17
250 x 190	250 x 156	250 x 140	19
300 x 225	300 x 187	300 x 169	23
