Key Features

- Pre-assembled kit ready for instant
- Foldable screen with the movable flight case for easy delivery
- · Built-in stand with motorised height adjustment
- Impressive audio from Harman Kardon speakers
- Seamless large display for rental at any event/exhibition

Product **Description**

The ViewSonic® LDS135-151 is a 135" All-in-One Direct View LED Display Solution Kit that boasts instant use, easy delivery, and convenient maintenance, making it an ideal rental-ready solution for events, exhibitions, or any other short-term usage. The pre-assembled design and built-in motorised height adjustment stand enables effortless set up within just a few minutes. Delivery convenience is greatly enhanced with the new foldable screen design, reducing the packaging size of the movable flight case by nearly 50% compared to the previous generation, thus minimising shipping costs. With the seamless large screen and superior built-in Harman Kardon speakers, be ready to impress your audience everywhere from high-end board rooms and receptions to galleries, auditoriums, and other large venues.
