PROFESSIONAL PROFILE

I belong to the rare category of pharmacist-translators: I complement my 14 years of hands-on pharmacy practice with a postgraduate qualification as a certified medical translator and interpreter (EN-HU). The documents I translate are not merely linguistically accurate — I understand them professionally, whether they are SmPCs, patient information leaflets or clinical documentation. My proprietary AI-assisted translation platform (MedCAT) demonstrates my command and understanding of the latest technologies in the field.

AREAS OF SPECIALISATION
