ELIJAH TRANSLATE

(Project Lead – Elijah Translates | Multilingual Translation & Localization)
Email: contact@elijahtranslate.com

PROFESSIONAL OBJECTIVE

Elijah Translates, a professional multilingual translation and localization agency delivering services in over 120+ languages. With over 7 years experience, we handle global translation projects using both human expertise and AI-assisted workflows. We specialize in MTPE, linguistic QA, subtitling, and multilingual project management. Our goal is to help clients communicate clearly across languages with accuracy, speed, and consistency.

CORE SERVICES / SKILLS

- Multilingual Translation (120+ Languages)
- Machine Translation Post-Editing (MTPE)
- Linguistic Quality Assurance (LQA)
- Subtitling & Captioning (SDH, Timecoding)
- AI Data Annotation & MT Evaluation
- Multilingual Project Management
- Terminology & Glossary Management
- Quality Control & Workflow Optimization

PROFESSIONAL EXPERIENCE

Multilingual Translation & AI Localization Team Lead
Argos Multilingual
Feb 2024 – May 2025

- Managed multilingual translation projects across different language pairs and industries. I coordinated linguists and ensured all deliverables meet quality and deadline requirements.
- Led MTPE workflows by improving machine translated content into human quality standard. This helped clients achieve faster turnaround and cost efficiency.

- Implemented QA processes to check grammar, terminology, and consistency across all languages. This reduced errors and improved final output quality.
- Worked with CAT tools and translation memory systems to manage large volume content. This improved workflow speed and consistency.
- Collaborated with global teams and project managers to handle complex multilingual projects. I ensured smooth communication and delivery.

Localization & Subtitling Project Specialist
Verbolabs Language Services
Jun 2023 – Jan 2024

- Delivered multilingual subtitling and captioning services including SDH and timecoding. I ensured accurate sync between audio and text.
- Managed localization tasks adapting content for different regions and cultures. This improved user understanding and engagement.
- Performed QC and LQA checks on subtitles and translated content before final delivery. I ensured compliance with client standards.
- Used subtitle tools and CAT tools to manage multiple projects at same time. I maintained quality and fast delivery.
- Coordinated with linguists and editors to ensure consistent and high quality output across languages.

Translation & Linguistic QA Coordinator
WLS World Language Services
Jan 2023 – May 2023

- Coordinated translation and QA tasks for multilingual content across different domains. I ensured accuracy and clarity in all deliverables.
- Performed linguistic QA by correcting grammar, terminology, and formatting issues. I followed structured QA workflows.
- Managed glossaries and translation memory to maintain consistency across projects. This improved efficiency and reduced revisions.
- Supported high-volume and urgent projects while maintaining quality standards. I ensured timely delivery.

- Worked with teams and clients to resolve language issues and improve final output.
