ABOUT ME

- Sworn English–Spanish Translator and Localization Specialist with 20+ years of experience supporting global companies in high-stakes communication across healthcare, legal, and corporate environments.
- I work with organizations that require precision, compliance, and cultural accuracy, particularly in medical and life sciences content, patient-facing materials, and regulated industries.
- As Founder and Project Manager at PentaGroup Language Services, I lead end-to-end multilingual projects, combining linguistic expertise, AI-assisted workflows, and quality assurance systems to deliver scalable and reliable solutions.
- My approach integrates MTPE, CAT tools, and human expertise, ensuring both efficiency and uncompromising quality.

CORE EXPERTISE

- Medical & Life Sciences Translation (clinical trials, patient materials, prescribing information)
- Legal & Corporate Documentation
- Healthcare Communication & Patient-Centered Content
- Localization & Transcreation
- Audiovisual Translation & Accessibility
- AI-Assisted Translation & MTPE Workflows

PROFESSIONAL EXPERIENCE

Founder & Project Manager

PentaGroup Language Services | 2007 – Present
Lead 18,000+ EN↔ES translation and localization projects for clients in the US, UK, and LATAM
Design and implement scalable workflows using CAT tools and AI-assisted processes (MTPE)
Manage international clients, ensuring quality, consistency, and on-time delivery
Coordinate multidisciplinary teams (linguists, editors, designers)
Deliver translation, editing, and QA in medical, legal, and corporate content

Selected Clients

Gilead · Novant Health · Altec · TouchNet · Casey Family Programs · Motorola · Lenovo · UN Women · United Nations Development Programme · Vacasa · Vistra Energy · U.S. School Districts

TOOLS & TECHNOLOGY

- CAT Tools: SDL Trados Studio, Phrase (Memsource)
- AI & MTPE: ChatGPT, Gemini, hybrid workflows
- Audiovisual & Accessibility: Amara
- Content & Design: Canva, Adobe Acrobat, CapCut
