DEC403-BB Edwardian 48" Single Sink Vanity Set (Faucet not included)

## The Edwardian Collection

The Edwardian period in furniture design marked a departure from the heavily ornate decorations of the Victorian era as a protest to the previous era's rigid formality, embracing, instead, a lighter and simpler style. Our Edwardian 48" vanity has an airy feel that's associated with furniture of this period, featuring clean lines and ample negative space among the different elements on the unit. The vanity is equipped with a baltic brown stone countertop, six drawers, a double-door cabinet, and oil-rubbed bronze finish hardware.
